Twice The Confidence

The TASER X2's backup shot removes any need to manually reload and improves safety and performance in the case of a missed shot or clothing disconnect.

Laser-Focused

Dual lasers eliminate any aiming guesswork and enhance accuracy by allowing the user to see exactly where the top and bottom probes will enter a target.

Arc Of Justice

The warning arc increases voluntary surrenders and helps stop conflicts from escalating. It issues an audible warning directly over the front of live cartridges.

Cross-Connect Effect

Cross-connect improves overall effectiveness by increasing the amount of electricity delivered throughout the muscle mass, resulting in a greater level of incapacitation without supplying an additional charge current.

**Smart Weapon, Smart Cartridge**

The static-resistant TASER smart cartridge is more accurate and durable than a standard cartridge, which increases reliability and lowers the risk of accidental discharge.

**\*This handles does not include TAP (Taser Assurance Plan).\***
